Who We Are

Kreative is agile, fast-paced, and highly skilled. We imagine new, innovative, efficient, and cost-effective ways to enhance your business and projects through improved processes, tools, technology, and thought leadership. We also apply the structure of industry best practices such as ISO, CMMI, PMBoK, NIST, FISMA, and FedRamp using dynamic, flexible, and often “Kreative” ways to get measurable results that are perfectly tailored to meet each client’s business goals and mission.

Core Competencies

Quality Certification & Process Improvement

We are the perfect partner! Kreative supports the development of policies, processes, procedures, and responsibilities that define the establishment, management and control of Portfolios, Programs, and Projects; this allows for collaboration and knowledge sharing. We work side-by-side with our customers to prepare them for third party external audits, including for standards such as ISO, CMMI, DFARs, NIST 800.53 and NIST 800.171.

Business Process Transformation & Sustainability

As businesses work to enhance customer experience, streamline operations and gain competitive advantage in a rapidly changing global IT environment, we provide a structured approach for Business Process Transitions that is sustainable where business objectives are met. We apply industry best practices to provide high-value and experience!

Cybersecurity & Information Assurance

We provide support in establishing rules and regulations by applying industry standards such as CMMC, DFARs, NIST 800.53 and NIST 800.171 to help protect organizations from a variety of unique IT and Security risks. We apply risk management techniques that protect organizations from risks that could lead to non-compliance.

Training & eLearning

We deliver training to empower individuals with the knowledge of how to apply industry standards such as PMBoK, CMMI and ISO to their business to stay compliant – resulting in the delivery of high-performance and high-quality products and services to their customers.

Enterprise Technology Support

We are agile and innovative! We provide full range of software engineering and infrastructure operations support to include SharePoint Administration, Server Administration, Help Desk and network support while applying industry best practices.

Program Management

We apply industry best practices in project management processes, methods, skills, knowledge and experience to achieve specific project objectives to meet and exceed customer requirements.

SharePoint & COTS Tools Support

Our end-to-end SharePoint implementation service saves you time and money while ensuring complete visibility across all phases. Collaboration, performance, scalability and security are the fundamental constructs of our SharePoint implementation services for your organization.

Graphic Design Services

Kreative provides full-range graphics products to include custom graphic design for proposal support, layout design, web graphics, social media, and SharePoint design and management.

Contract Vehicles

8(a) STARS II offers fixed price, time and materials, labor hour, and blended task order types; providing greater flexibility in procuring IT service solutions to meet your mission requirements. Industry partners in both constellations have competitive pricing and technical proficiency. 8(a) STARS II allows for directed task orders up to \$4 Million, including options.

IT Schedule 70 delivers federal, state, and local customer agencies the tools and expertise needed to shorten procurement cycles, ensure compliance, and obtain the best value for innovative technology products, services and solutions. With more than 7.5 million products and services from over 4,600 pre-vetted vendors, federal agencies, as well as civilian, state and local organizations, continue to maximize budgets and reduce buying cycles by up to 50 percent over open market.

Small Business Designations

The 8(a) Business Development Program is a business assistance program for small disadvantaged businesses. The 8(a) Program offers a broad scope of assistance to firms that are owned and controlled at least 51% by socially and economically disadvantaged individuals. Participants can receive sole-source contracts, up to a ceiling of \$4.5 million for goods and services and \$7.5 million for manufacturing. We are humbled by the achievement of our SBA certifications and take pride in our small business designations. Certified by the SBA, Kreative is a Women Owned Small Business (WOSB) and Economically Disadvantaged Woman Owned Small Business (EDWOSB) and 8(a).

Quality Certifications & Industry Memberships

We are CMMI level 3 rated and have ISO9001:2015 quality certifications. Process improvement and the desire to continuously improve is at our core. We prepare both Federal and Commercial clients for third party external audits such as ISO and CMMI, so that they can be certified and rated. Our service delivery is based on systematic repeatable processes, that utilize cloud-based technology in a consistent and predictable manner.

SECURITY

Kreative is now a Registered Provider Organization (RPO)! What this means for DoD contractors is that Kreative can now provide advice, consulting, recommendations, and deployment of solutions in alignment with the CMMC-AB Code of Professional Conduct.

QUALITY

Kreative stays abreast of today's changing best practices in cyber security, big data, IT services and software delivery, thus allowing us to have developed excellent relationships with industry experts. We are proactive and engaging members in the following organizations.
